Faculty and graduate students often require external funding for research, scholarship, and creative activity. This workshop will explore how to get the most from grant seeking databases, including SPIN, GrantSelect, Grant Advisor Plus, and the Foundation Center.

SPIN is a new addition, and we will offer two “SPIN only” workshops in September. The October workshops will provide training on all funding search tools at UNCG.

Participants learn to search for possible funding opportunities, practice identifying eligibility, and realize the importance of key words. Attendees will have opportunities to access databases and engage in searches related to their topic of interest.
